

DATASHEET

Flashing light

Flashing light for effective visual alerting and signaling in noisy environments – for example to interrupt a brass band so that announcements are clearly understood.

Features

- Visual alerting where acoustic signals are not sufficient
- Controlled via **NIKOS** [audio]²
- Red flashing light with approx. 100 m visibility
- Clamp mounting, quick installation

Technical data

Type	Flashing light / visual signaling
Color	Red
Flash frequency	approx. 1 Hz
Visibility	approx. 100 m
Control	Via NIKOS [audio] ²
Power supply	12 V
Ingress protection	IP44
Operating temperature	-5...+45 °C
Dimensions / weight	80 × 80 × 100 mm / 60 g
Approvals	CE
Scope of delivery	With clamp mounting
Use	Noisy environments, festival tents, parades
